

**ENERGY BRIX AUSTRALIA CORPORATION PTY LTD  
INDUSTRIAL ENERGY PTY LTD**

**29 June 2012**

**MEDIA RELEASE**

Energy Brix Australia Corporation Pty Ltd (Energy Brix), and Industrial Energy Pty Ltd, (Industrial Energy), welcomes the announcement today by the Australian Government regarding the provision of a briquette restructuring package.

The briquette restructuring package will enable briquette manufacturing to continue for the next two years and provides time for briquette customers to transition to alternative fuels.

Energy Brix will continue to provide steam to the briquette factory during this period, and will continue to engage with its workforce and unions on any business restructuring.

Industrial Energy will be advising its briquette customers of briquette supply arrangements.
